Subject: MEC-2004-108 Confirmation of receipt amendment

Title research project:

'ESPGHAN Paediatric IBD Porto Criteria Registry'

Dear professor Escher,

The Daily Board of the Medical Ethics Committee Erasmus MC (hereafter the Committee) of Rotterdam, The Netherlands, has reviewed the amended documents of the research proposal as received on June 30, 2020:

- A1. Aanbiedingsbrief d.d. 24-06-2020 EUOKIDS amendement; and
- C2. EUOKIDS amendement

As a result of this review, the Committee informs you that the rules laid down in the Medical Research Involving Human Subjects Act (also known by its Dutch abbreviation WMO), do not apply to this research proposal after this amendment.

Best regards,
on behalf of Medisch Ethische Toetsings Commissie Erasmus MC,

Mrs. F.M. Spoelstra, PhD
Secretary of the Committee
